

Westfire Uniq 37 3-Sided Cylindrical Wood Stove on Pedestal

<https://www.calonyradref.co.uk/westfire-uniq-37-3-sided-cylindrical-stove-on-pedestal>

The pedestal-based Uniq 37 woodburning stove by Westfire is a truly beautiful stove, offering side-views of the fire, and slightly bigger than other Westfires, which helps to produce an impressive heat.

Its glass side panels, in addition to the large front glass, provide a complete 180 degree view of the fire. This pedestal model makes the Uniq.37 look even better, by raising the fire chamber it increases the ambient effect throughout even large rooms. This sophisticated, wood burning, convection stove really is a must have statement piece.

This stove is now Ecodesign ready, and adheres to all of the current specifications for the new Clear Air legislation coming into effect in 2022.

Please note, if you require the external air feed kit, you must choose a closed-combustion stove version (CC or CC SE).
