

ACR Birchdale Cast Iron Multifuel Stove

<https://www.calonyradref.co.uk/acr-birchdale-cast-iron-multifuel-stove>

The Birchdale brings a distinct sense of contemporary yet retro style to our cast iron stove range.

Available in matt black paint finish or the stunning Arctic White gloss enamel finish, the multifuel Birchdale provides a 5Kw output and offers a great view of the flames through the large glass door which is kept clean by the powerful airwash facility.

Being certified DEFRA exempt, the Birchdale can be used to burn wood in smoke controlled areas allowing you to enjoy a real fire whether in the town or countryside. The Birchdale is also SIA EcoDesign Ready approved meaning that it meets with the EcoDesign criteria which will become mandatory in 2022 already. This makes the Birchdale one of the most environmentally friendly stoves available with low CO & particle emissions and high efficiency.
