

ACR Buxton II Modern Classic Multifuel Stove

<https://www.calonyradref.co.uk/acr-buxton-ii-modern-classic-multifuel-stove>

With a 5Kw output and a large glass door to give a great viewing area of the fire, the Buxton II is also **DEFRA exempt** allowing you to burn wood with confidence in smoke controlled areas. The Buxton II is a **multifuel** stove so you have the option to burn a variety of **smokeless fuels** as well as wood which gives greater convenience.

SIA EcoDesign Ready

The Buxton II is supplied as standard with a brushed steel door handle, although a black handle can be purchased as an option, and has an adjustable log guard meaning that when burning smokeless fuel you have a higher guard and when burning wood the top half of the guard can be removed.

Finished in matt black stove paint, this stove is **easy to maintain**.
