Dik Geurts Ivar 5 Low Freestanding Wood & Multifuel Stove

https://www.calonyradref.co.uk/dik-geurts-ivar-5-low-freestanding-wood-fire-multifuel-stove

Ivar 5, Low is a versatile stove with external air connection that can burn wood, and when the Mulfti-Fuel kit is added, coke or coal. It has a large viewing window and can be freestanding or installed into an inglenook chimney opening. With a heat output of 4-7 kW, it can easily heat a large room, but its low emissions qualify it for DEFRA approval in smokeless zones.

Optional multifuel kit available.

Optional external air feed kit available.
